## THE WHEAT SELECTION IMPRESSES AND THE MOST PRETENTIOUS FARMERS

*This year all growers had the opportunity to receive useful information about the wheat varieties with Agronom trade mark at the Grains and Sapling Market in the town of Dobrich. Visitors and Agronom Consultants exchanged ideas, opinions and advices for the agricultural 2015/2016 year.*

The Minister of Agriculture Desislava Taneva personally visited the Companies' stand, where she talked to the Manager Todor Gubarov about the priority of the Bulgarian farming during the new programming period.

The growers are interested mostly in the new rules which

**the agricultural business have to work on to 2020 year**

how the grants will be allocated, when the new Program for the rural development will be opened and what investments will be supported. It is very important how the local grain growers will be supported because it is the most juvenile part of the agricultural business.

The varieties are tolerant against fungal diseases and stress

During the last 20 years Agronom Company has created many varieties high yielded winter soft wheat.

The Regional Governor Dr. Margarita Stancheva Novoselska, the Mayor of town of Dobrich Detelina Nikolova and the Executive Director of the Dobrich Fair Zvezdelina Ivanova

**were impressed by the products**

which for the year following

"AGRONOM" Company offers.

In result of selection activity in which our country is traditionally strong, in the past 20 years

"Agronom creates many varieties high yielded winter soft wheat. They distinguish with excellent combination between property and yield

Of the grain, tolerance against fungal diseases and stress tolerance. They are suitable for all grain yielding regions of Republic of Bulgaria

**In front of the unforeseeable climatic conditions**

Among the most successful wheat varieties are Enola

Factor, Laska and Iveta The seed yield is executed under the expert management which acknowledges over the culture cultivation are on extremely high up-to-date level.

A fever preparation has already seethed for the "AGRA" international exhibition

**which will be conducted in Plovdiv dated 4 - 8 March 2015**

At the exhibition all interested in the best suitable **wheat varieties** for their farms will receive professional information, announced from "AGRONOM" Company.

### THE AGRICULTURAL PRODUCERS ACT IS

#### ALTERED

The Parliament approved at second reading the alterations in the Agricultural Producers Assistance Act. The grant conditions to physical and juridical persons are settled. The Act settles the methods on which the directed payments will be applied, the "green" grants are regulated too.

After the approved alterations, the new rules can be operated for the General agricultural politics which came into full force this year.

Progressive decrease of funds for big farmers is entered and 300 000 Euros totally for the grants. Who is active farmer is exactly determined.

All decisions of State Fund Agriculture will be posted on the internet site of the Fund of the Ministry of Agriculture and Food

The necessary members of the Board of the State Fund Agriculture who may take decisions is decreased by the alterations. The sessions will be performed with at least 2/3 of the total 11 members which is 8 persons. From that the decisions will be taken with at least 3/4 which is 6 members of the Board.

The National Agricultural Advisory Service is transformed to Advisory System, more alterations are foreseen. There will be a List of the experts who may advise the farmers.
